

Insect Killer Small & Large

Zap flies and bugs fast for a more hygienic environment.

Attracts and removes a wide variety of flying bugs and insects within a range of 50 to 100 square metres using blue/black fluorescent lights.

Benefits

Commercial quality – sturdy aluminium construction with a stylish, electrolysis-treated finish and on/off switch

Wide coverage – blue/black light fluorescent tubes attract insects across a range of 50 to 100 square metres

Low maintenance – simply remove and empty the waste tray as needed

Safe – extruded plastic inner with plastic coated safety guards made to CE standards of quality

Practical – chrome plated hanging chain and black ABS fixtures
